

## Ofsted inspection

---

### **There is an Ofsted inspection taking place here today.**

Inspections are to check whether each children's centre is making good arrangements for families with young children.

Inspectors will be here for the next two days. Please talk to our inspectors if you are a parent, carer or other user of the centre or if you deliver your services through the centre.

Tell us about the strengths of the centre and ways in which it could be improved.

Your views are an important part of our inspection.

You do not need to give us your name unless you wish to. We will not quote you by name in the report.
