Hertford Selections Children's Centre is pleased to host a childminding group for childminders working in the Hertford North and Hertford South Children's Centre area.

All children attending must be registered with the Centre and remain the responsibility of their childminder at all times. Children are always the priority of attention at the group meetings.

Shared responsibility within the group brings mutual involvement, pooled ideas, joint enthusiasm, continuity and a happy group of childminders and children.

"We aim to promote a relaxed but stimulating and friendly environment where childminders can come together to support each other"

In addition the Children's Centre aims to work in partnership with local training providers to provide information and training support for local childminders on a range of identified topics.

Activities are provided for childminders and children to enjoy together which fulfil the requirements of the Early Years Foundation Stage Curriculum.

Please ensure that you support the centre staff with the preparation and clearing up of sessions and observe the Centre's Health and Safety policy

Childminders may wish to develop a programme of themed sessions.
